WHILE WE HAVE OPENINGS LEFT

## How To Get GREAT Senior Portraits

Experts are experts for a reason. If you need surgery, you want an expert, right? We are expert photographers that **SPECIALIZE** in Senior Portraits. We **KNOW** how to make you look your best--the most flattering angles and the many different types of lighting. We have **CONFIDENCE** because we **KNOW** what we are doing, and that's a confidence you will feel and absorb during the shoot. There is no reason to expect the best from beginners or part-timers (or even close to the best)--average would be an accomplishment for them. We believe mediocrity is simply not acceptable--you are capable of so much more with an **EXPERT**. We do this full-time, year-round. We have an incredible studio--wait until you see it and shoot in it! We love what we do, we love our clients, and we **LOVE** making them so happy that they fall in love with their images, and the PhotoShoot itself.

Be sure you go to a great **STUDIO** with an excellent reputation for high-quality. This is the opposite of taking a selfie, or the fun stuff we all do everyday with our iPhones! You have plenty of that stuff. Now it's your turn for your Senior Portraits--get **A LOT** of images to choose from that are truly awesome. That's what we're **ALL** about!

It's **FUN** to do a real PhotoShoot at a real studio--wait until you have yours! :) Past clients often tell us years later just how fun their PhotoShoot was. It's truly a life experience. Very few clients go onto modeling either full or part-time; for most, it's the only true PhotoShoot they'll ever do in their life. It's a **BLAST**--we have a lot of fun, too!

Expert post-production and retouching helps professional models, and ad agencies. **YOU** should have an expert working on your images too so that they look **GREAT**--not over-retouched or gimmicky. Just real--really you--at your best. The things experts do are subtle in most cases. You don't want the retouching to be noticed--the portraits should be all about **YOU**. Oh, we can remove braces if needed or that kind of stuff, but mostly it's about the subtlety of expert post-production. We do this everyday, day-in and day-out, and have for many years! Put that expertise to work for you.

Obviously, everything we do is **CUSTOM**, and we can only do a handful of PhotoShoots a day. We photograph those that want the very best from over 50 area high schools. If you want the very best, give us a call and book your PhotoShoot now for the gorgeous weather of spring, or over the summer before we sell-out!

2016, we'll see you soon because your time has come!!
